

# The European Research Council

## ERC Synergy grants 2025

*Dr. Giuliano Scalzi*

*Synergy grants call coordinator*

*ERC.B.2 - Call and Project Follow-up Co-ordination Unit*

26 May 2025

**European Research Council**

Established by the European Commission

# Overview

---

- About the ERC and its funding schemes
- Data on funded proposals of the Synergy 2024 call
- Changes in the Work Programme 2025
- ERC Synergy grant features & proposal structure
- Evaluation criteria, process and timeline
- Hints and tips

# ERC Grant Schemes

## Starting Grants

2-7 years after PhD  
up to € 1.5 + 1 Mio  
for 5 years

50%

50%

## Consolidator Grants

7-12 years after PhD  
up to € 2 + 1 Mio  
for 5 years

40%

50%

## Advanced Grants

track-record of significant  
research achievements  
up to € 2.5 + 1 + 1 Mio  
for 5 years

30%

50%

## Synergy Grants

2 – 4 Principal Investigators  
any career stage  
up to € 10.0 + 4 Mio for 6 years

1 PI can be based outside EU/Associated Country

30%

50%, except  
non-EU/AC PI

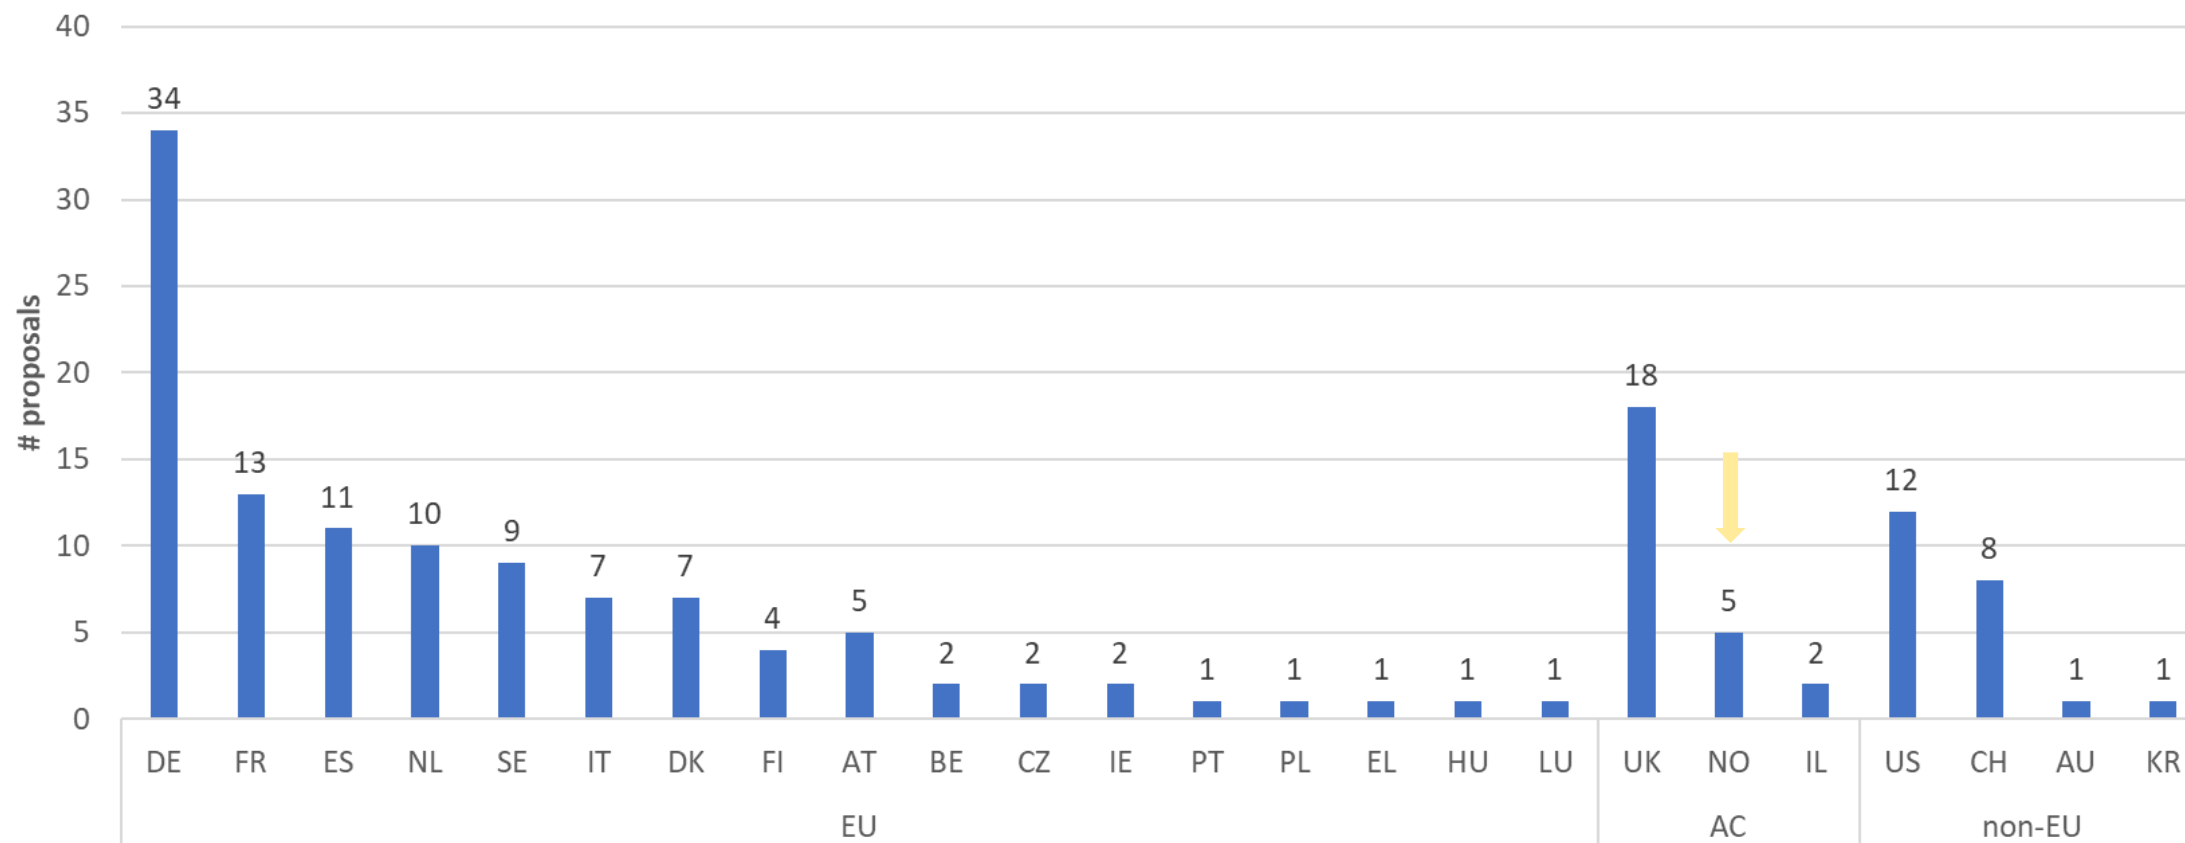

## Proof-of-Concept

bridging gap between research - earliest stage of marketable or social innovation  
lump sum €150,000 for ERC grant holders

# ERC SyG2024

## Number of proposals funded per country

- 22/57 funded proposals have Host institutions outside EU or Associated Countries
- 6 proposals funded in widening countries: 2 CZ, 1PT, 1PL, 1EL, 1HU

# ERC SyG2024

Success rate of PIs per host country

201 Principal Investigators funded in the 57 proposals

32 other countries that submitted proposals had no successful Principal Investigators

# 2025 Call Calendar

	<b>Starting Grant</b>	<b>Consolidator Grant</b>	<b>Advanced Grant</b>	<b>Synergy Grant</b>
<b>Call identifier</b>	ERC-2025-StG	ERC-2025-CoG	ERC-2025-AdG	ERC-2025-SyG
<b>Call opens</b>	10 July 2024	26 September 2024	22 May 2025	11 July 2024
<b>Call deadline</b>	15 October 2024	14 January 2025	28 August 2025	6 November 2024
<b>Budget million EUR</b> <i>(estimated number of grants)</i>	751 (483)	719 (354)	683 (276)	500 (48)

# Novelties applicable since the SyG2024 call (1)

## CVs and Track records

---

- **CV & Track Record templates** are combined + simplified
  - ⇒ broad assessment of the Principal Investigator

4 pages in total / PI

- List of up to ten research outputs that demonstrate how the applicants have advanced knowledge in their field, with an emphasis on more recent achievements, and a list of selected examples of significant peer recognition (for example, prizes).
- Applicants will be able to **add short narrative descriptions** to explain information provided: the significance of the selected outputs, the applicant's role in producing each of them, and how the applicant has demonstrated their capacity to successfully carry out the proposed project
- Applicants are invited to explain **career breaks or unconventional career paths &**
- Applicants can describe **exceptional contributions** to research community

# Novelties applicable since the SyG2024 call (1)

## Evaluation procedure

- Proposals **continue to be evaluated by peer review panels** composed of leading scientists and scholars using sole criterion of scientific excellence
- New scoring introduced at step 1: A not invited- *‘A not invited is of excellent quality but not ranked sufficiently high to pass to step 2 of the evaluation’*
  - A candidate whose proposal is scored A at step 1 of the evaluation, but not taken to interview, will be free to submit a proposal in the following year’s calls.
  - Introducing this score does not affect the resubmission rules in SyG, which are different from the individual PI resubmission restrictions – ‘C’ scored applicants only are not allowed to apply the following two years to the SyG call.
- Cap on the number of proposals passing to step 2 in Starting, Consolidator and Advanced Grants calls: **at most 44 proposals can be passed to step 2** of the evaluation. No cap for SyG.

# Novelties applicable since the SyG2024 call (3)

Revised evaluation questions;

## Explicitly evaluating primarily the research project

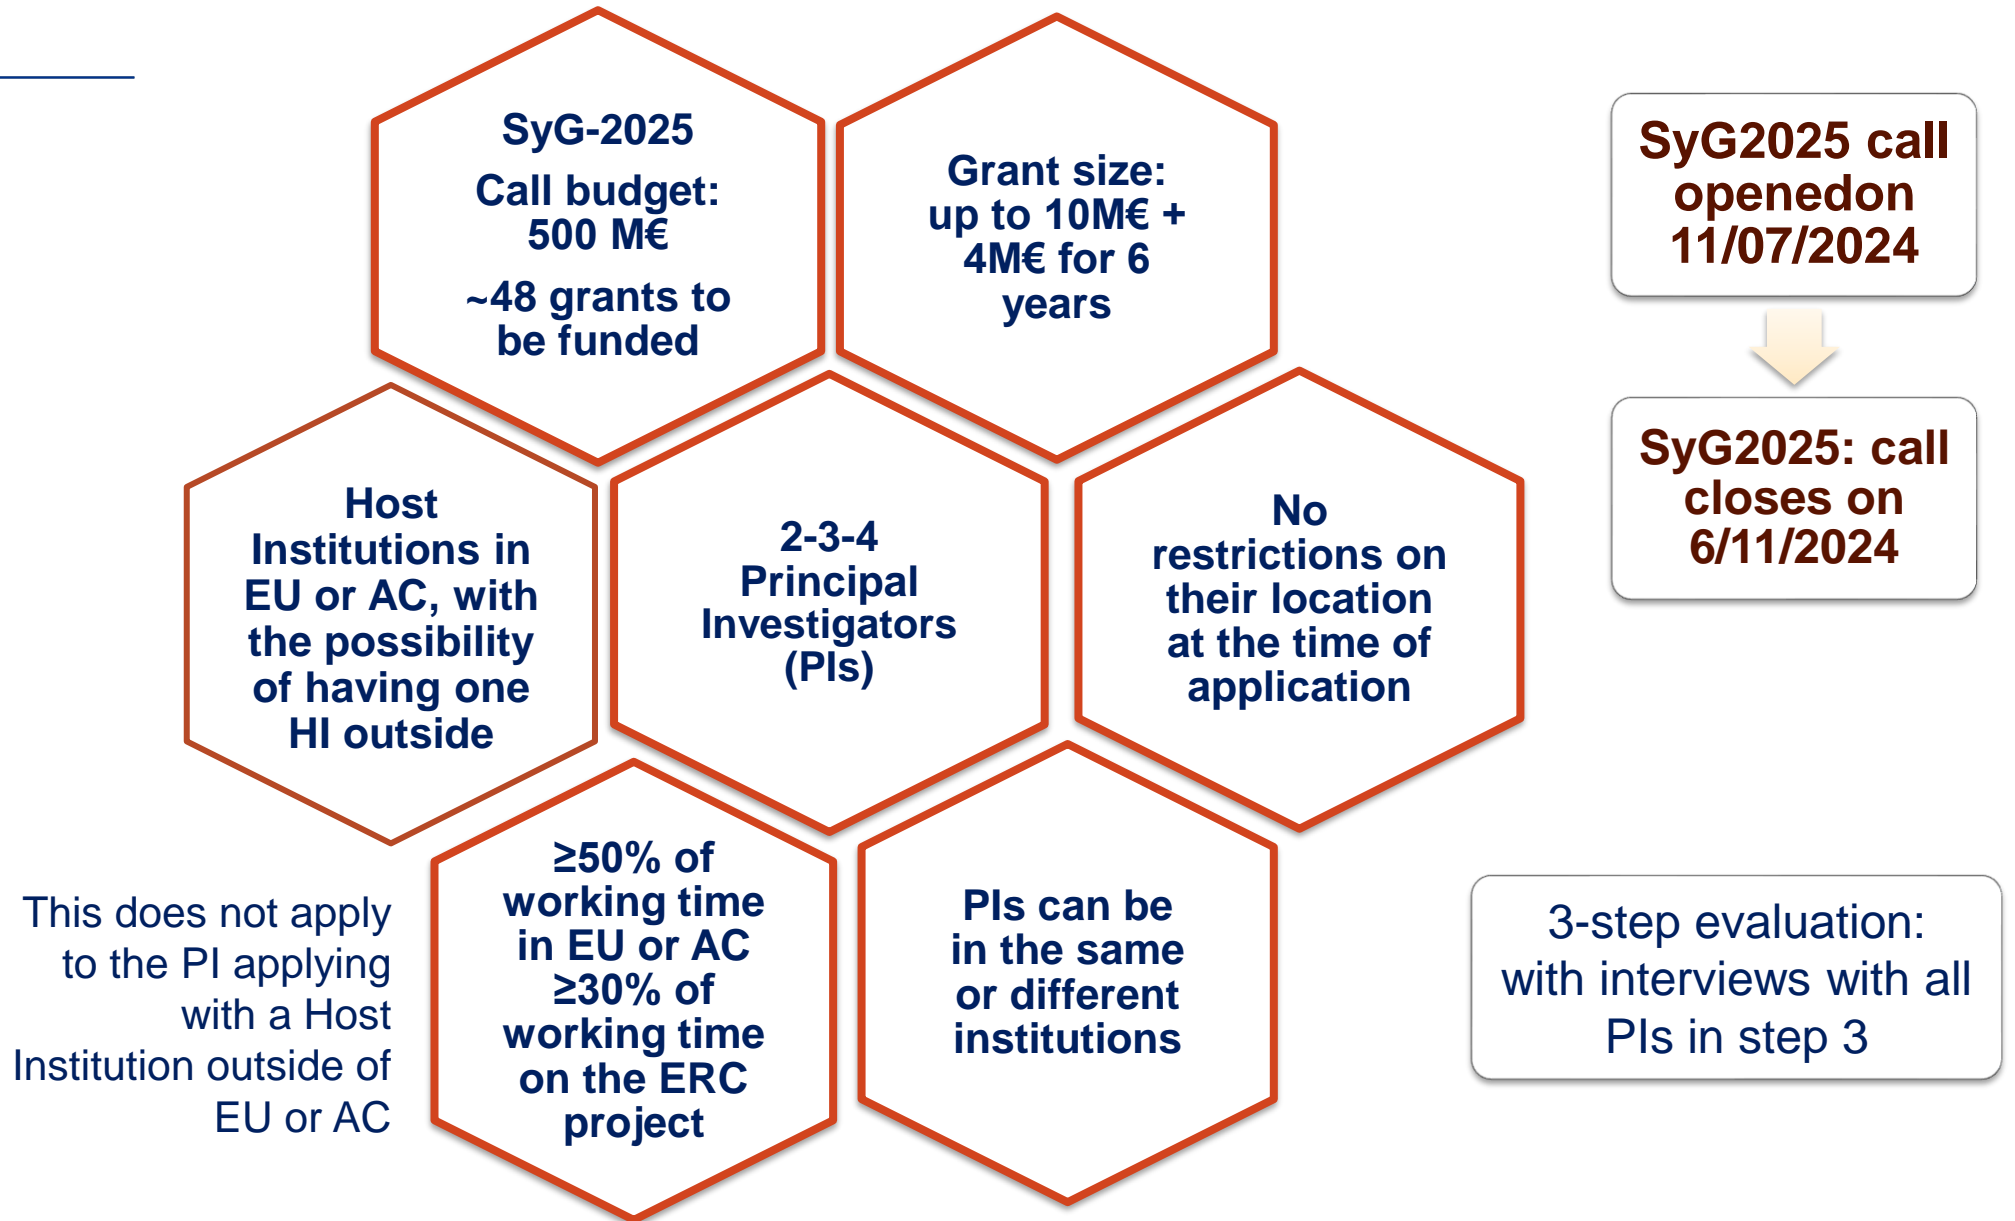

- Explicitly **weighing the project proposal more** than past achievements of the applicants during evaluation
- **Evaluation questions have been revised** (no question any longer on high risk/ high gain aspect, neither on development of novel methodology:

focus rather on the extent of the ground-breaking nature and ambition of the proposed research)

➤ [Evaluation of ERC grant proposals: what to expect in 2024 | ERC \(europa.eu\)](#) (April 2023)

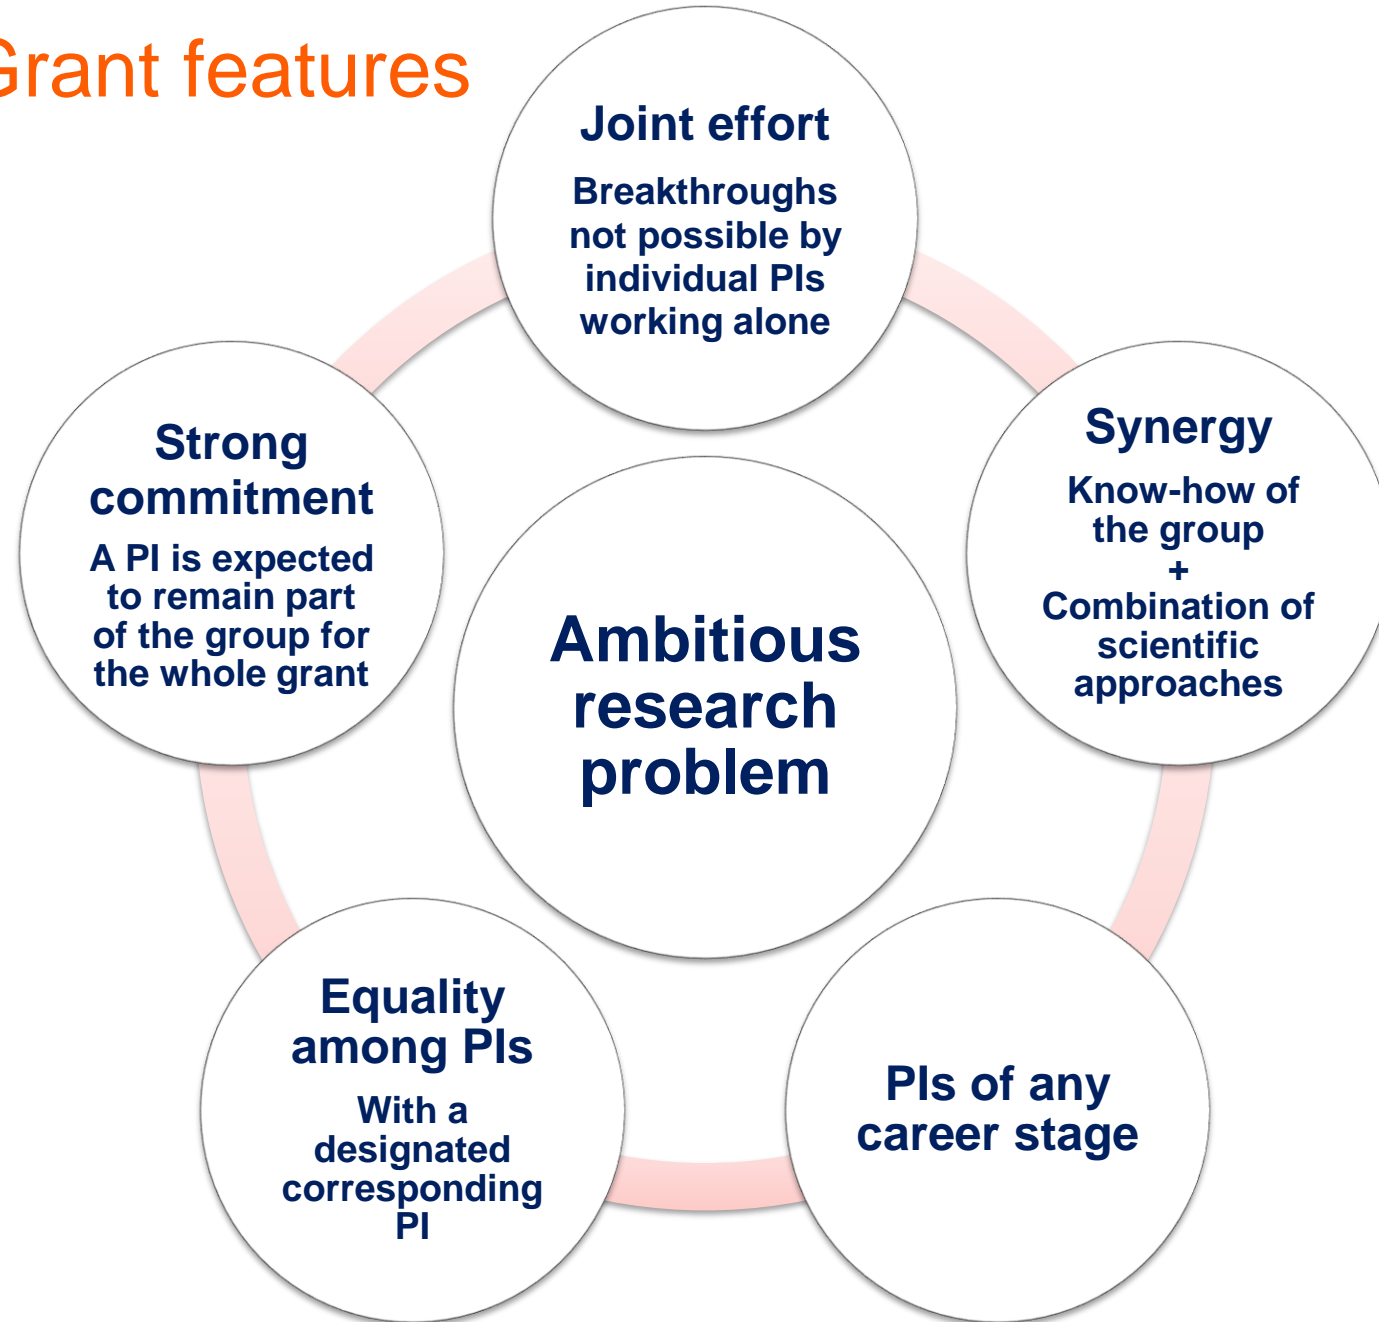

➤ [Scientific Council statement on research assessment](#) (Dec. 2022)

# Design of the Synergy call 2025

# ERC Synergy Grant features

---

# ERC Synergy Grant features

## Synergy aspects

---

**NOT  
SYNERGY**

Loose cooperation or  
networking between PIs

Simple passing of data or  
information from one team  
to another

Note: The proposed work does not need to cover more than one  
discipline or field to be considered for the Synergy grants

# ERC Synergy - Proposal Structure

**In step 1 only part B1 is reviewed.**

Administrative data and eligibility are checked by ERC staff.

Check out the templates in the submission system on the Funding & Tenders portal

## Administrative forms (Part A)

- 1 – General information
  - 2 – Administrative data of organisations
  - 3 – Budget
  - 4 – Ethics
  - 5 – Call specific questions
- 4-6 ERC keywords are selected, panels are not defined at submission*

## Annexes

Commitment of ALL the Host Institutions, ethics docs, etc.

## Part B1 (submitted as pdf)

***Evaluated in Step 1 & Step 2 & Step 3***

- a – Extended synopsis 5 pages
- b – Curriculum vitae & c - Track-record

**4 pages per PI**  
**Templates available on the F&T portal**

## Part B2 (submitted as pdf)

***NOT evaluated in Step 1 (only in Step 2 & 3)***

- Scientific proposal **15 pages**
- a – State-of-the-art and objectives
  - b – Methodology
  - c – Resources:
    - justification of resources in B2
    - **NEW: separate Budget table annex with the budget breakdown per PI**

**Check guidelines in the SyG2025 Information for Applicants**

# Submission restrictions for the SyG2025 call

When checking for a rule look for the **call year** (in the title of the call), not calendar year.

Evaluation		Can a PI apply to		
Result of SyG 2023 or 2024	Step	StG/CoG call in 2025?	AdG call in 2025?	SyG call in 2025?
C	1	yes	yes	no
B	1	yes	yes	yes
B	2	yes	yes	yes
A or B	3	yes	yes	yes

Applicants to previous StG/CoG/AdG ERC calls can apply to the SyG2025 call regardless of the score received previously.

To be eligible for SyG 2025: a **running ERC grant has to end before 6 November 2026**

A PI can be part of only one application published under the same Work Programme regardless of the call. The first application will be considered, the subsequent ones will be declared ineligible.

# Evaluation

**Excellence** is the sole evaluation criterion; focus on the project

Be familiar with the evaluation questions in the Work Programme or in the Information for applicants to the Synergy grants call.

## 1. EXCELLENCE OF THE RESEARCH PROJECT

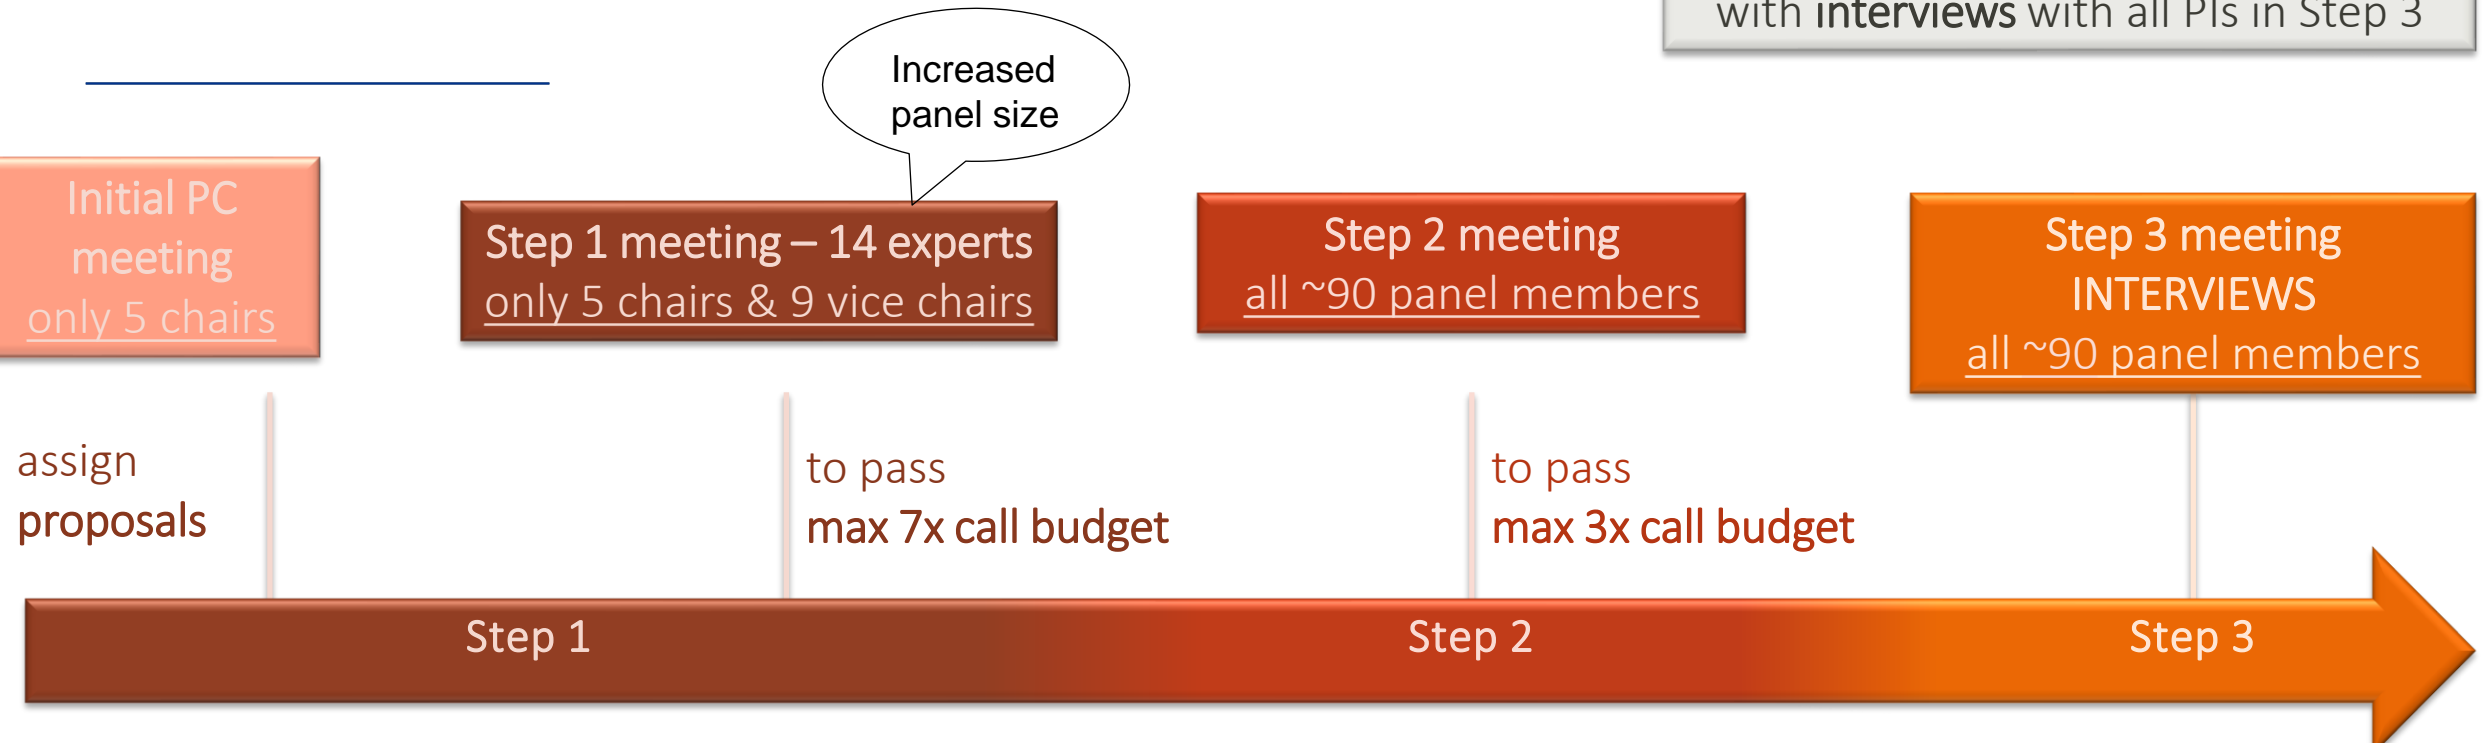

- Ground breaking nature
- Potential impact
- Scientific approach
- Synergetic aspects
- In **step 1** the **feasibility** is assessed only => methodology in step 2 and 3 (in part B2)
- Resources are **not** assessed in step 1

## 2. EXCELLENCE OF THE PRINCIPAL INVESTIGATORS

- Each PI assessed according to their career benchmarks
- Intellectual capacity
- Creativity
- Commitment => evaluated in step 2 and 3 only (information in part B2)

# Evaluation Process Overview – SyG 2025

3-STEP EVALUATION  
with interviews with all PIs in Step 3

Remote Phase 1

Review Part B1  
by ~90 PMs & ~150 PEVs\*  
as generalists: ~ 5  
reviews/proposal

Remote Phase 2

Review Part B1 + B2  
by ~90 PMs as generalists  
& ~4-6 External Reviewers  
per proposal as specialists:  
~8-12 reviews/proposal

Remote Phase 3

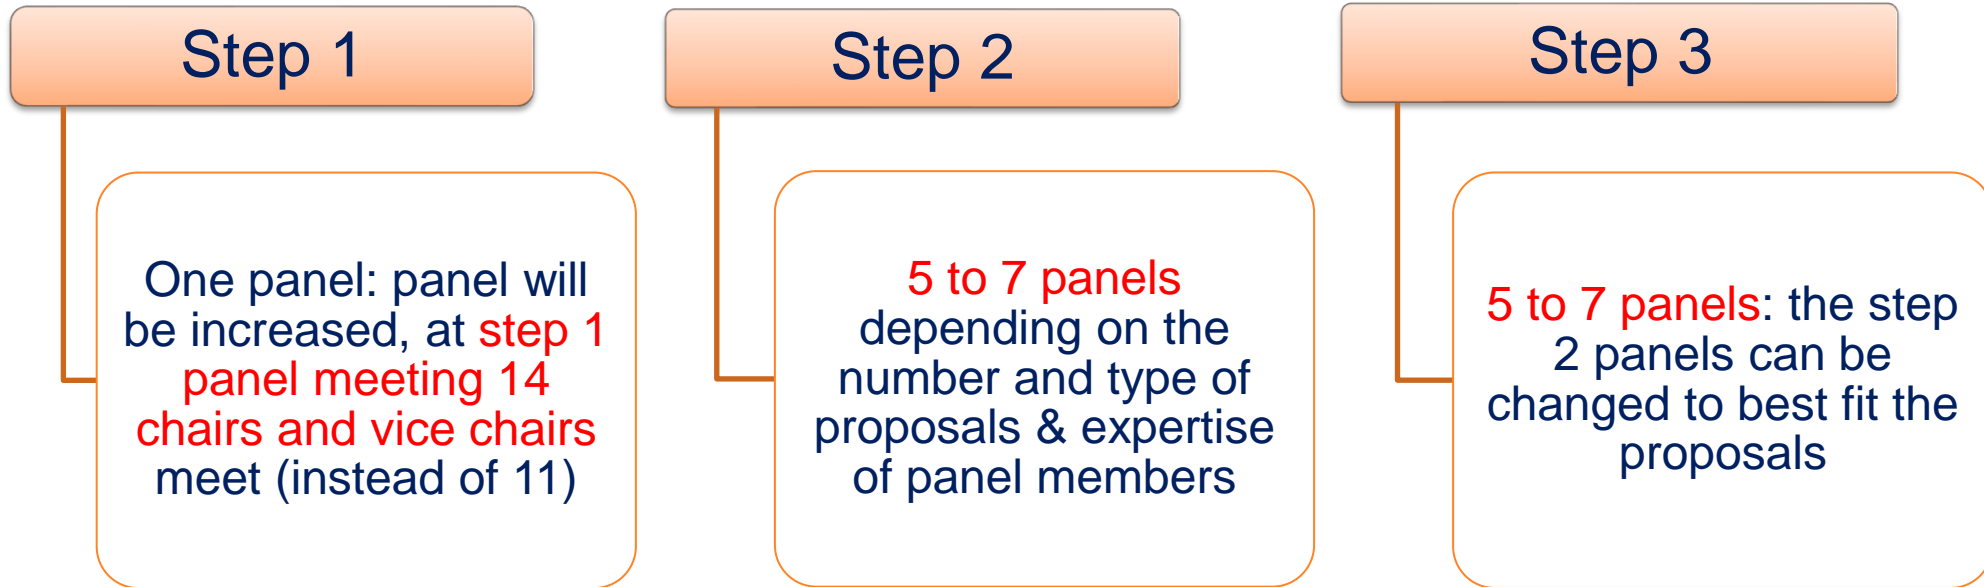

Preparation of interview questions  
& strategy (NO new reviews)

PM = panel member

\*PEV = panel evaluator  
(panel member serving in another ERC call)

# Changes in ERC the SyG 2025 Evaluation Process

to pass to step 2:  
max 7x call budget

to pass to step 3:  
max 3x call budget

The number and the composition of the interdisciplinary Step 2 panels are defined only when we know what type of proposals remain in evaluation after each step

# Who is evaluating Synergy proposals?

SyG 2024 - Evaluators' profiles (provisional data)

Step 1: Remote Evaluation – all experts in one panel

257 Reviewers; 36 Nationalities; 174 Men and 83 Women (32%)

87 Panel Members Including 5  
Chairs and Vice Chairs

■ LS ■ PE ■ SH

170 Panel Evaluators (PMs of  
other ERC calls)

■ LS ■ PE ■ SH

European Research Council  
Established by the European Commission

# ERC SyG2024 Data on step 2 panels

## Overview reviewers

### Number and type of reviewers in step 2 – all panels

- Panel members in step 2: 87 in 5 panels
- Remote referees: 6113 invited – 1671 reviews submitted
- Each proposal has between 8 and 18 reviews:
  - Panel members between 4 to 7 reviews per proposal
  - Remote referees and panel evaluators: between 3 to 11 reviews

**External reviewer recruitment statistics**

3074 Reviews  
submitted for 278  
proposals

# Hints and tips

## Preparing an application

### Differences in Part B1 and Part B2

In **Step 1: Panel members (act as generalists)** they see **only Part B1** of your proposal: Prepare it accordingly, make sure it is accessible to non-specialists!

- Pay particular attention to the **ground-breaking nature** of the research project – no incremental research. State-of-the-art is not enough. Think big!
- For SyG: Synergetic aspects important – **know-how of the group** is assessed together with the **combination** of the scientific elements
- Know your competitors – what is the **state of play** and why is your idea and scientific approach outstanding?
- **Only the extended Synopsis is read at Step 1: concise and clear presentation is crucial (Outline only of the methodological approach – feasibility is assessed at step 1)**

# Hints and tips

## Preparing an application

### Differences in Part B1 and Part B2

In **Step 2** : Both Part B1 and B2 are sent to specialists around the world  
(**specialised external referees**)

- Do not just repeat the synopsis in part B2
- Provide **sufficient detail** on methodology, work plan, selection of case studies etc. (**15** pages) (references do not count towards page limit)
- Check coherency of figures in part B2 and in the administrative part, **justify requested resources** (outside of 15 pages) – pay attention to the calculations and provide budget for each of the PIs – use the Budget table annex provided
- Explain **involvement of additional team members** (it is possible to have further beneficiaries/partners in the project) – their budget has to be included under a PI's budget in the Budget table annex
- Funding ID to be filled in carefully for each PI

**In Step 3: no new reviews are written, but part B1 and B2 are re-assessed**

# Hints and tips

## Summing-up

---

- Have an **original and exciting idea** that requires the **joint effort** of 2 or 3 or 4 PIs
- **Design a research project** to implement the idea
  - It is not about a consortium, but about a tight-knit small group of PIs and their teams. The PIs are equal and indispensable for the project!
- Get a **letter of support for each PI** from their **Host Institution**
- If you have submitted previously to ERC Synergy grants check the resubmission restrictions before applying
- **Write** the research proposal (carefully plan the resources). Choose carefully the 4-6 keywords and abstract: applications are not submitted to panels used in the individual grants
- Read carefully the **evaluation criteria** and try to ensure that the reviewers can find the answers to them in your proposal (part B2 is not a mere repetition of part B1)
- **Get feedback** from your peers; have mock interviews if you passed to step 3
- Don't underestimate the **obstacle of different scientific languages** when you are merging fields
- **Submit** your research proposal **before the deadline** -> fully electronic/web-based submission system – try to avoid submitting on the last day

# Take home messages – ERC Synergy grants

The end result should be more than the mere sum of the parts.

## Competitive call (expected success rate of 7% in SyG2025)

- Only exceptional proposals are likely to be funded that will demonstrate that the **truly ambitious** research questions could lead to breakthroughs **only through the joint effort** of the group of PIs.

## ‘Synergy’ does not mean a loose consortium and is not the end goal

- The interaction would yield something more than just the sum of the individual parts.
- To yield possibly either unforeseen, completely new science, to cross fertilize disciplines or to solve important research problems that until now could not be dreamt of solving.

Early career applicants are encouraged to apply

# ERC SyG2024

## Proposal results by applicant type

- 48% of PIs funded applied previously to a Synergy grant.
- Previous Synergy applicants are >3x more successful than first time applicants

# Further advice

---

1. Consult call documents (Work Programme, Information for Applicants, [ERC classes](#))
2. Information and videos on Synergy grants on the ERC website: <https://erc.europa.eu/apply-grant/synergy-grant>
3. Look at funded projects in your field (search tool on ERC website), testimonials, tutorials ([ERC homepage](#))
4. Register early on the F&T Portal in the submission system
5. Have your documentation ready
6. Contact the ERCEA and ask all your questions well ahead of the submission deadline:  
SyG mailbox: [ERC-SYG-APPLICANTS@ec.europa.eu](mailto:ERC-SYG-APPLICANTS@ec.europa.eu)
7. Get the written consent of your collaborators before the submission deadline (a simple email exchange is OK)

# Thank You!
